Please can you help to Reclaim Southwold Hospital for the Community?

Southwold Town Council has successfully had the 9,000 ft\(^2\) hospital site demarcated as an asset of community value.

This gives them a short amount of time to put together a bid to reclaim this large site and use it for the good of the community.

There will be a Town Council meeting at 7.30pm on Tuesday 23rd February, which the general public is able to attend.

This is an opportunity for us all to share our hopes and vision for the future of the Southwold hospital site with the Town Council, and offer our support to help make this happen.

Possible tenants for a sustainable community hub include a new, enhanced town library; modern, well-equipped offices and incubation units for start-up and growing businesses; an enlarged nursery school; community meeting and learning spaces.

Southwold needs to be a good place to live as well as good place to visit and this is our opportunity as a community to support that future.

### There are two things you can do that will help:

1) Write to the Town Clerk to let our Town Council know how you would like the site to be used, via townclerk@southwoldtowncouncil.com or at the Town Hall, Market Place, Southwold IP18 6EF, by the 22nd February

2) Encourage your friends, colleagues, families and neighbours – in fact, anyone who loves Southwold – to do the same.

If we all do both these things this month, we could help to secure an asset which could really support Southwold’s community for the long term future. Your help will make a difference!
